Message

Dear Friends,

As a part of Faculty, Regional Centre-Medical Education Technology, I was always being asked by Residents and Junior faculties about when they will get a chance to learn about Medical Education. This put a thought in my mind to put forth the idea to organize an e-Workshop for them. As a proud team member of the Department which has organized more than five national level conferences and several workshops in a short span of just twelve years, I feel privileged to announce the National e-Workshop on "Basic Concepts of Medical Education & Technology: MEDUWORK 2024". The workshop is organized with the motto to sensitize and orient the Resident doctors and Junior faculties who are future pillars for medical education, but remain deprived of this important field of Teaching-Learning process. We have also tried to include the stalwarts in Medical Education to be the resource faculty of this workshop so that you all will get maximum benefit from this workshop. As this is e-Workshop, we have also tried to make it as much interactive as we can, by utilizing suitable online platforms. In the end, I along with my whole team welcome you to register for this workshop in huge numbers.

Thanks and Regards,

Prof. (Dr.) Lalit Mohan
Organizing Committee Chairman,
MEDUWORK 2024

Dr. Hitesh Mishra (ACME)
Organizing Secretary,
MEDUWORK 2024
Email: meduwork2024@gmail.com
Mob. # 9113126317
